1. Advance Passenger Information System (APIS)

Here is everything you need to know about Advance Passenger Information System (APIS) and how to update it on the PNR.

Policy

It is mandatory for all commercial airlines on international flights to send guest and crew manifest data to the Advance Passenger Information System (APIS). APIS details must be updated prior to departure to avoid delay at the airport.

The three SSR elements used for this purpose are categorized as:

- **DOCS:** for the primary travel document information (e.g. passport or national ID)
- **DOCO:** for the secondary travel document information (e.g. visa)
- **DOCA:** passenger address information (either residence or destination)

The above three SSRs should be passenger-associated (mandatory) and segment-associated (optional). Certain countries require all three pieces of information to be inserted in the travel record locator of the guest that enters or leaves the country.

Note: The name of the guest is auto-populated. However, you should ensure that there is a space between the first name and title to avoid a name mismatch between the reservation and travel documents.

The UAE local authorities have informed that the submission of APIS must be precise and correct against the information of the travel documents.

Routes that require APIS information **DOCS**:

UK	Inbound/Outbound	KWI	Inbound/Outbound
JFK	Inbound/Outbound	ORD	Inbound/Outbound
LAX	Inbound/Outbound	ICN	Inbound/Outbound
BAH	Inbound	JNB	Inbound
CGK	Inbound	BNE	Inbound
YYZ	Inbound	SYD	Inbound
NRT	Inbound	NGO	Inbound

For PEK: The 3 SSR elements of the API i.e. passport information (DOCS), destination address (DOCA) and visa information (DOCO) are mandatory.

For Japan: Authorities of Japan require APIS for all guests travelling to Nagoya (NGO) and Narita (NRT). Passport information (DOCS) is mandatory.

For Germany: DOCS SSR is mandatory and must be updated for all guests including infants travelling to Munich (MUC), Frankfurt (FRA) and Dusseldorf (DUS). Additional mandatory APIS data is required for nationals who require a visa to enter Germany. Incorrect or missing data may result in a fine of up to **EUR 50,000.**

For India: Passport information (DOCS) and visa information (DOCO) is mandatory.

UAE - name format

- If the passport has two fields, one for ‘first name’ and one for ‘surname’, and one of them is blank/FNU/LNU, the other field must contain at least two words (names).
- If a travel document contains ‘XXX’ in one of the fields, it will not be accepted.
- Travel documents with two names added as observations/annotations or with a second name added on any page are accepted if the names belong to the guest or to the guest’s father
- This requirement does not apply to guests with valid UAE Emirates ID.

UAE and Saudi Arabia - date of birth format

Passports with incomplete date of birth not as per the standard ICAO Format (i.e., 01/01/2010 Date/Month/Year) will not be accepted for entry into the United Arab Emirates or Saudi Arabia.

Format on Passport	Accepted for entry to UAE
Day/Month/Year e.g. 01 JAN 80	Yes
Month/Year e.g. XX/XX or 00/00	No
Month/Year e.g. JAN 80	No
Year e.g. 80	No

****** May be increased to a total of three (3) where two (2) passengers are travelling together and wish to bring one (1) pet each from the same household/family.

Note: Each pet must be in a separate travel kennel crate.

- On a flight with falcons(s) travelling in the cabin, a pet (dog or cat) cannot travel in the same travel cabin as the falcon(s). If a guest is travelling with a pet dog or cat in the cabin and another guest is travelling with a falcon in the same class on the same flight, the request of the guest who made the first reservation shall be confirmed.

- Where a guest with an allergy statement and a guest with **a pet** request are travelling on the same flight, the request of the guest who made the first reservation will be confirmed.

- If a guest travelling with a pet dog or cat in the cabin and a guest travelling with a trained service animal is on the same flight, the request of the guest wishing to travel with a trained service animal will always take priority regardless of time of reservation.

- The container (pet travel bag or kennel) must be within the maximum weight and dimension requirements for the applicable travel class (refer to sections 3.1 and 3.2) and must meet the following requirements:

o The pet should be able to sit and stand in a natural position with its head fully erect (without touching the roof), turn around and lie down

o The carrier must be ventilated on at least three (3) surfaces

o The carrier must be escape-proof (rigid door for kennels / secure entrance for pet travel bag) and leak proof

o The container floor must contain absorbent material

- The guest will provide:

o Absorbent material for inside the container, including sufficient spares and disposal bags

o Dry food in a sealed container for the animal, sufficient for the duration of the journey.

- The pet must not be allowed outside the pet travel bag or kennel whilst on board the aircraft.

- The pet must be of a minimum of 16 weeks old.

- In Economy Cabin,

o For under-seat carriage, the pet must be able to fit in a pet travel bag or kennel with maximum dimensions of 40 x 40 x 22 cm (L x W x H) to fit safely under the seat.

o For carriage on an adjacent purchased seat, the pet must be able to fit in a pet travel bag or kennel with maximum dimensions of 50 x 43 x 50 cm (L x W x H).

o The pet travel bag or kennel shall be secured to the seat with extension seat belts.

o The gross weight (pet and travel bag/kennel combined) should be no more than 8 kg.

- In Business Cabin,

o It is not possible to stow pets under seats.

o An extra seat must be purchased adjacent to the accompanying guest and the pet shall be in a pet travel bag or kennel with maximum dimensions of 50 x 43 x 50 cm (L x W x H).

o Contact Centre agent must ensure that there are adjacent seats available on the aircraft and block them before accepting the carriage of pet request. If there are no adjacent seats, an alternate flight must be offered.

o The gross weight (pet and travel bag/kennel combined) must not be more than 8 kg.

o Where two (2) passengers travelling together wish to bring one (1) pet each (i.e., two (2) pets in total) in Business, an additional seat shall be purchased for each pet.

o Where an additional seat has been purchased, the passenger is entitled to the additional checked baggage allowance associated with the purchased seat.

- Where possible, the guest travelling with a pet should be allocated a window seat. A guest travelling with a pet will not be seated in any of the following locations:

o Bulkhead rows

o Emergency exit rows

o One row forward and aft of over-wing exit rows

- Standard Seat will be provided free of charge for a guest travelling with a pet (SSR PETC) within 48 hours of departure.

- Guests must submit the booking form at least 7 days in advance and provide all necessary documents to the Contact Centre no later than **72 hours** prior to intended travel. Where three (3) pets will be carried as permitted, a separate form must be completed for each pet

- SSR PETC can be updated in the booking only by EY agents and it must be updated only after receiving all approvals

- For guests using the Etihad Chauffeur service, or connecting Etihad Shuttle services in the UAE, pets are permitted on these services in accordance with this policy

- For guests eligible to use premium lounges, pets may be taken into Etihad lounges in Abu Dhabi. For lounges in network airports, access is dependent upon the acceptance policy of the lounge operator. Pets must always remain inside the pet carrier or kennel

Terms & Conditions:

- Etihad Airways will not be responsible if authorities in other countries refuse entry of your pet due to non-compliance with local regulations. Etihad will in this case, not be liable for any resulting costs such as flight rebooking charges, hotel accommodation if Etihad have to refuse the carriage of your pet due to non-compliance with the regulations

- We assume no liability for the health or wellbeing of pets carried in the cabin

- The pet must be able to sit and stand in a natural position with its head fully erect (without touching the roof), turn around and lie down

- The carrier must be ventilated on at least three (3) surfaces

- The carrier must be escape-proof (rigid door for kennels or secure entrance for pet travel bag) and leak-proof

- The container floor must contain absorbent material

- You are responsible for additional costs for import or export

- Pregnant pets cannot be accepted for travel
- Guest must report 3 hours prior to departure at the airport
- Guest must bring enough of absorbent sheets for their pet to relieve itself, including connecting flights and transit airport, if applicable
- Guest can only carry dry pet food in your cabin baggage. Food should be carried in a sealed container so the smell does not disturb other guests
- If there are guests travelling on-board that are allergic to animals, our crew may be required to re-seat you and your pet. In rare occurrences, we may need to re-book your flight
- Sedation of animals, except under certain conditions and carried out under veterinary supervision, is not recommended. Commonly used tranquilizers lower blood pressure, which also occurs at high altitude
- The combination of high altitude and medicines could be dangerous for old, chronically sick or stressed animals. Keeping a container in a dark, cool, quiet place prior to flying will calm down most animals. If you have to sedate your pet per veterinarian's instruction, the name of the drug and time of intake must be clearly marked on the container
- Pets must always remain in their carriers
- Guests must complete all formalities upon arrival at Abu Dhabi airport according to UAE regulations, including an inspection by the Ministry of Climate Change and Environment (MOCCAE) veterinary officer, performed in the Customs clearance area
- For all other destinations, guests must complete all arrival formalities according to local regulations
- Inspection and clearance areas may vary from airport to airport, guests must check with the applicable authority at their destination for specific requirements

Changes and Refunds:

Voluntary changes: The guest can change the request anytime up to 3 hours to departure time. However, if the guest wishes to take the pet on the new dates/flight, they'd need to inform Etihad Airways and go through the approval process again. The guest will still be liable of ensuring that the required documents, certificates, permits allow for the pet to travel on the rebooked flight. The same process applies to guests who wish to upgrade their ticket to a higher class of travel.

Involuntary changes: Etihad Airways will coordinate with the guest and provide the best available options in cases where the flight has been re-booked or cancelled. For delays or flight cancellations, the guest may utilize the original animal documentation.

Refunds: A full refund is only given for cases where Etihad had an irregular operation and was not able to transport the pet. In this case, the guest can reach out to our contact centers and request for a refund to the fees that were paid. The guest can request for a full refund for the fees that were paid for transporting the pet if the options that Etihad Airways have provided does not meet their needs, provided that the pet was not transported from the country of origin. If Etihad Airways was able to transport the pet on another flight/date or even airline after obtaining the guest's consent, then refund is not allowed.

To book, please contact Etihad Cargo:

Email: LiveAnimals@etihad.ae

Phone: 800 2535 (within UAE) / +971 2 599 0099 (overseas)

b) Service Animals (dogs only):

This policy is applicable to service animals. A service animal is defined as a dog, regardless of breed or type, which is individually trained to do work or perform tasks for the benefit of a qualified individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability.

The following are not considered as service animals:

1. Animal species other than dogs
2. Emotional support animals
3. Comfort animals
4. Companionship animals
5. Service animals in training

- Service animals will be accepted free of charge only if they are certified by ADI or IGDF accredited organizations. Only exceptions are guests travelling to/from the USA due to legal requirements.
- Trained service animals must be trained to behave properly in public. The dog must be harnessed, leashed or tethered at all times. They will not be accepted in the cabin if they display any form of disruptive behaviour which may include:

o Growling

o Biting

o Jumping on other guests or staff

o Relieving at the gate or cabin

o Causing damage to the cabin e.g. eating of the seatback

- Guest must request and provide necessary documents to the Contact Centre no later than 48 hours prior to intended travel
- There is no weight limitation for service animal except for Malaysia (up to 8kg)
- The carriage of a service animal in the cabin is permitted on direct EY routes to, from and via Abu Dhabi (i.e. direct transfer)
- It is permitted for a passenger to travel with one (1) service animal in the cabin
- On any flight with falcon(s) travelling in the cabin, a service animal shall not travel in the same travel class as the falcon(s)
- The guest shall provide an absorbent mat to be placed on the floor where the animal will be located and sufficient additional material for the duration of the flight(s) and, where applicable, transfer time
- Where possible, the guest travelling with a service dog should be allocated a bulkhead row and a window seat. Seat will be provided free of charge for a guest travelling with a service animal (SSR SVAN). A guest travelling with a service dog must not be seated in any of the following locations:

o Emergency exit rows

o One row forward and aft of over-wing exit rows

- Service dogs shall remain leashed, harnessed, or otherwise tied at all times.
- There is no charge for the carriage of a service animal in the cabin

Pets and Service Animals

Details are available on the ey.com website. Alternately, guests can call the Contact Centre to enquire regarding travel with a pet or service animal.

Upon receiving a request for carriage of pet in cabin, Guest Contact Centre shall ask some qualifying questions to the guest due to restrictions which may disqualify the carriage of the animal. If any of the below requirements are not met, the guest shall immediately be advised that their animal does not meet the requirements for carriage and to contact Cargo Contact Centre (CCC).

i. Is the animal a trained service dog? If yes, then the Live Animal in Cabin Information Form must be sent to the guest.

ii. For pet cats and dogs, is the animal aged over 16 weeks? If no, then the pet will be rejected (not applicable to service animals)

iii. What is the breed of the pet? If the breed is on banned list, then the pet will be rejected (not applicable to service animals)

iv. What is the weight of the pet including the container? If more than 8 kg, the pet will be rejected (not applicable to service animals except for Malaysia)

v. What are the dimensions of the pet container? (not applicable to service animals)

- Economy: if more than 40 x 40 x 22 (L x W x H), the pet will be rejected.
- Business: if more than 50 x 43 x 50 cm (L x W x H), the pet will be rejected.

If the above conditions are satisfied, Contact Centre staff will provide the guest with:

1. Live Animal in Cabin Information Form
2. Application Form for Trained Service Dog in Cabin (except where the itinerary includes a flight to and/or from the US)

The guest must be advised to email the completed form with the supporting documents to ContactCentre@etihad.ae, no later than 5 days prior to intended travel.

Supporting documents:

i. Pet microchip number - must be completed prior to rabies vaccination.

ii. Health Certificate – to be signed by origin approved/government Veterinarian.

iii. Fit to travel certificate - from local vet within 10 days of travel.

iv. Vaccination certificate with all vaccines and treatments administrated containing vaccine name, manufacture, batch number, vaccination date, vaccine labels etc.

v. Rabies vaccine - depending on local regulations this will be done either 21 or 30 days (EU 21 days and other countries 30 days) (shall be 12 weeks when vaccine administrated).

vi. RNATT (Rabies blood titer test) – applicable for high rabies countries as classified by destination country (some countries may have a waiting period).

vii. Internal and External Parasites treatment.

viii. Screwworm / tapeworm treatment.

ix. Export permit – not applicable for all countries.

x. Import Permit – not applicable for all countries.

xi. COVID-19 PCR test – not applicable for all countries.

Once a guest's submitted documents are accepted and travel is approved, Cargo A&S will notify the contact centre to update the guest's PNR and SSR PETC.

An Electronic Miscellaneous Document (EMD) or Extra Seat for Cabin Baggage (CBBG) will be issued as applicable.

Where Abu Dhabi is a guest's final destination, the UAE Health Certificate must be signed and stamped by a government-accredited health official in their country of departure within five (5) days before their flight.

For all other destinations, guests must complete all arrival formalities according to local regulations.

Where the documents submitted are acceptable and travel is permitted in accordance with the requirements of the applicable countries, Cargo A&S will notify the Contact Centre with an 'OK 2 Accept' email.

Note: For arrivals into the UAE, the animal's health certificate needs to be stamped by a government-accredited health official in the country of departure within 24 hours prior to departure; therefore, PETC can be confirmed without the document being provided. Contact Centre staff shall inform the guest that it is a requirement for this signed and stamped form to be carried by the guest and presented at the airport. The 24-hour requirement is applicable for arrivals into AUH (not applicable to transfer between flights at AUH). Individual destination country requirements shall also apply. A fillable and printable PDF version of the form is available on the Etihad.com.

Anyone travelling to Abu Dhabi with a pet or service dog must obtain an Abu Dhabi Customs Bill of Entry document at least 24 hours before their departure. To receive it, you need to submit the following documents to NOATUM Logistics:

- UAE residents: Emirates ID copy

- Non-residents: passport copy

- An import permit for your pet or service dog

- Your mobile number

- A copy of your reservation or ticket

NOATUM Logistics will review your information and email you the Bill of Entry, which costs AED 365.

How much does it cost?

The rates for carrying a pet cat or dog:

Economy

- It costs USD 399 or 50,000 Etihad Guest Miles for each way to travel with a cat or dog in Economy
- If guests are transiting, the combined price of USD 798 or 100,000 Etihad Guest Miles will apply
- If an adjacent seat booking is requested, it must be done in advance, and guests will be charged for the cost of an extra seat plus USD 399 each way
- If an additional seat is purchased for a pet, then guests are entitled to the additional check baggage allowance associated with the purchased seat

Business

- As there is no space available under the seat, guests must purchase an extra seat for their pet
- This must be booked in advance and the guest will be charged for the cost of an extra seat plus USD 399 each way
- Guests are entitled to the additional check baggage allowance associated with the purchased seat

To pay using Etihad Guest Miles, please call us.

c) Falcons in Cabin

Conditions of acceptance

Etihad Airways accepts the carriage of falcons in the passenger cabin for free on all types of aircraft, subject to the following conditions:

- A valid health certificate and any entry permits required by countries of entry and transit must accompany falcons

- Falcons shall be carried in the passenger cabin at the owner's risk.

- Falcons must always be hooded and a chain or a rope must be attached to their legs in the passenger cabin or in the vicinity of other passengers in the terminal building etc.

- The maximum number of falcons carried on any one flight should not exceed 15 on all aircrafts.

- The maximum journey time must not be more than 17 hours (including transit).

- Seats are allocated in the last row of the cabin of the ticketed class. If passengers are travelling in groups, they must be seated together. A window seat in the last row must be used for a single passenger with a falcon.

- The falcons and perches are to be placed on the floor area in front of the seat. Plastic sheets should be used to cover the floor area under the falcons and over the adjacent seat. Falcons are not to be placed on the seats. Etihad Airways shall not provide perches. The falcon handler must arrange them.

- Often VIPs travel in groups, where a number of falcons are carried, accompanied by their handlers. Below seating procedure shall apply to the handler(s) and the falcon(s).

CLASS	Description
First/ Business	Two falcons per guest (per seat) are permitted Three additional falcons can be carried for every extra seat paid for
Economy	One falcon per guest (per seat) is permitted Two additional falcon may be carried for every extra seat paid for

- No extra charges apply for carriage of falcons in cabin

Special requirements:

Falcons are not permitted for carriage to Casablanca (CMN) unless the guest is in possession of a letter of authorisation issued by the Moroccan Ministry of Agriculture.

When accepted under this exemption, the following documents must be presented:

1. Valid Health Certificate

2. Falcon Passport

3. The Falcon Passport Number must correspond to the same number referenced in the authorisation letter issued by the Ministry.

a) Without an extra seat –

- Create a PNR with the guest's name and update with SSR FALC.

- The SSR FALC is auto confirmed or declined based on the maximum number of falcons onboard. Once the request is confirmed, travel agents must inform the guest so they can make the necessary arrangements to bring their falcon with them.

b) With an extra seat (EXST) –

- SSR FALC should be added to the booking accordingly.

- When extra seats are booked, accompanying guests and falcons must be seated together by the Flight Editing team, who will block the last row in each cabin so that these seats are not pre-assigned.

- For ticketing, refer to the EXTRA SEAT (EXST) ticketing policy.

2) Animal as checked baggage in cargo hold (AVIH)

- Etihad Airways accepts the carriage of falcons in the cargo hold compartment provided that all the necessary health documents and important licenses have been obtained. All other pets are acceptable only as manifested cargo.

- Guide dogs have to be imported into AUH as manifested cargo only, except from USA. However they may be exported as checked baggage free of charge.

Conditions of Carriage

- AVIH is not permitted within the cargo holds of the A340 (except for flights to/from USA), A319, and A320.

- For countries known to prohibit the import/export of animals and birds as checked baggage, please refer to TIMATIC/ Embassy concerned.

- All animals and birds should travel as manifested cargo via countries that do not allow the importation of animals as checked baggage.

- Guest must be informed that these animals must be cleared at the cargo terminal upon arrival where they shall be examined by local veterinarian after producing the relevant import and health certificates.

- The guest is responsible for providing all the applicable health documents, declarations and permits as required by governmental regulations of the country to which the pet is to be carried. Container Requirements: Containers used to carry live pets must be clean, leak-proof and escape proof, soundly constructed and in good condition. The size of the container must not exceed the following measurements/dimensions: 135" length x 35" width x 50" height.

- Containers for falcon should allow the pet to stand comfortably.

- Containers for guide dogs to lead the blind or deaf should allow the pet to stand comfortably lie down with paws outstretched and turn around.

Full details of exact container requirements are clearly set out in the IATA Live Animals Regulations manual (LAR section 4). Of particular importance are the restrictions on the size and amount of pets that can be loaded into a container. Specific instructions regarding these limitations are detailed in the IATA Live Animals Regulations manual (LAR) and must be enforced to prevent injury or fatalities to any animal.

Brief the guest on conditions of carriage mentioned above.

- Update the SSR AVIH with the number of falcon details
- Issue an Electronic Miscellaneous Document EMD for "Falcon in Hold" USD 500 is charged per cage per single journey (including transit, if any)

E.g.: Bahrain-Abu Dhabi-Casablanca will cost USD 500, the return flight Casablanca -Abu Dhabi-Bahrain, will be an additional USD 500. Therefore, guest is charged a total of USD 1000 for the entire trip.

- Update the SSR AVIH details in the PNR with applicable details:

- Specify number, type and pedigree
- The type of pet (DOG) and breed

• The weight and dimensions of the container (Note: these are added as SSR OTHS)

Note: SSR is updated for information only. The documents and cage will be inspected at airport check-in. Carriage may be rejected if the conditions of carriage are not followed.

For more detailed information refer to the Cargo Services Manual or contact the cargo department.

3) Manifested cargo

All animals other than the above mentioned, can be transported on Etihad Airways, only as manifested cargo. Guests have to contact Etihad Crystal Cargo minimum 4 working days prior to departure for the carriage of animals (other than Falcons and Guide dogs to lead the blind or deaf).

4. Unaccompanied Minors, Accompanied Minors & Younger Passengers (UMNR)

When children between 5 and 11 years of age travel alone, we call them "Unaccompanied Minors" (UM), and they are entitled to our UM service.

For an additional fee, you can request the UM service for children between 12 and 17 years of age. To request this service, parents or guardians must complete the online Unaccompanied Minors booking form.

Unaccompanied Minors (aged 5-11 years)

1. Children aged between 5 and 11 years old are considered to be Unaccompanied Minors (UM).

2. Children under the age of 5 will not be accepted as an unaccompanied minor.

3. Our Unaccompanied Minor service is free for children aged 5 to 11 as long as:

- They are booked on a normal published adult fare

- Booking is created with PTC (passenger type code) – UNN

- This service has been pre-booked before arriving at the airport.

If the service has not been arranged in advance, a fee will apply at the airport.

4. Occasionally, it may not be appropriate for children with special needs to travel unescorted if the level of care which they require exceeds that which our crew are able to provide. Cabin crew are not permitted to assist in the toilet, administer a guest's medication or feed guests.

5. The Unaccompanied Minor must be escorted to the airport and met on arrival by the parent or guardian mentioned on the UM form.

6. The parent or guardian must be present with the child at check-in and ensure that the child has all of the relevant forms and documents to travel alone. Check-in must be completed at least two hours before your child's flight.

7. Unaccompanied Minors are permitted to travel on connecting flights operated by Etihad Airways, provided that the transit time does not exceed 8 hours.

8. Travel on itineraries involving other airlines is not permitted for Unaccompanied Minors. All flights must be operated by Etihad Airways.

9. Unaccompanied Minors with medical conditions shall be accepted after obtaining medical clearance from Etihad Airways Medical Centre (EAMC).

10. Unaccompanied Minors are not permitted to sit in emergency exit row seats.

11. Unaccompanied Minors travelling from Abu Dhabi are not eligible to be checked in from Abu Dhabi and Dubai city terminals.

12. Etihad Chauffeur and coach services are not provided to Unaccompanied Minors.

13. Unaccompanied Minors travelling in premium cabins (First or Business) or those eligible for lounge access via an Etihad Guest tier, may not be able to use the lounges in airports other than Abu Dhabi. If the lounge is not operated by Etihad Airways, we cannot guarantee supervision and the level of care, and therefore we may require the guest to report back to the check-in area at a nominated time and be escorted directly to the boarding gate, without lounge access.

14. The Transit Lounge is available for all departing and transiting Unaccompanied Minors at Terminal A (Zayed International Airport Abu Dhabi).

15. An Unaccompanied Minor form must be completed in full prior to travel on Etihad Airways operated flights.

16. At least one copy of the completed and signed Unaccompanied Minor form must be taken to the airport on the day of departure.

Accompanied Minors in different cabins

Children travelling with parents or guardians on the same flight but in different cabins (for instance, parents travelling in Business and children in Economy), will be considered as 'Accompanied Minors' and treated as 'Unaccompanied Minors' on board the aircraft.

1. Unaccompanied Minors form is not required.

2. The age criteria of our Unaccompanied Minors policy will apply. Children under the age of 5 will not be accepted as an accompanied minor.

2. Accompanied Minors are permitted to travel on a child fare ticket.

3. The parent or guardian must handle all travel documents for the Accompanied Minor.

4. Guests are requested to limit their visits between cabins during the journey.

5. If known in advance, update the child's booking with "SSR OTHS 1A CHD TRVLNG WZ PARENTS IN DIFFERENT CABIN PNR ABCDE"

Young Passengers (aged 12-17 years)

1. Young Passengers (YP) between the ages of 12 and 17 are able to travel unaccompanied.

2. Young Passengers may request our Unaccompanied Minor service for a fee. This service costs US $100 each way on direct flights or US $150 each way for journeys which involve connecting flights.

3. Young Passengers are permitted to travel on connecting flights operated by Etihad Airways, provided that the transit time does not exceed 8 hours. Travel on itineraries involving other airlines is not permitted for Unaccompanied Minors. All flights must be operated by Etihad Airways.

4. The Young Passengers Fee applies to all single journeys (inbound and outbound) and is non-refundable.

5. Occasionally it may not be appropriate for Young Passengers with special needs to travel unescorted if the level of care which they require exceeds that which our crew are able to provide. Cabin crew are not permitted to assist in the toilet, administer a guest's medication or feed guests.

6. Guests between the ages of 12 and 17 years are not permitted to escort an Unaccompanied Minor. However, legal parents below the age of 18 will be permitted to accompany infants or children with relevant identification.

7. SSR YPTA (Young Pax Travelling Alone) must be updated in the booking so that these guests can be recognized during disruptions.

Country Restrictions:

Italian	South African	French	Spanish
Children under 14 must have a completed Dichiarazione Di Affido and their passport. - The child may not be allowed to travel if these forms are not completed. - If the child lives outside Italy, the authorisation can be issued by the Italian Embassy or consulate.	Children under 18 must have additional documents and their passport. - Guests can contact the South African Department of Home Affairs on 0800 60 11 90 (toll free from South Africa). - Alternatively, they can contact their local South African embassy for more details on the requirements.	Children under 18 must have official authorisation and their passport to exit the country. - The child may not be allowed to travel if these forms are not completed.	Children under 18 must have a signed travel declaration and their passport. - The permit must be carried in addition to their passport and can be obtained from the Spanish Police, Civil Guard, Courts, Notaries, Town halls or Consulates.

5. Carriage of human remains

Human remains in an urn

- Transportation of cremated human remains is permitted on all Etihad Airways flights in checked baggage or as cargo
- Carriage of cremated ashes in the cabin is strictly prohibited
- Documentation including certificate of cremation and death certificate issued by a competent authority must be carried for presentation to authorities upon request
- The casket or urn containing the cremated remains must be packed in a sealed outer box or case

Human remains in a coffin

Coffins are permitted on all Etihad Airways flights and routes, subject to the relevant documents being submitted. The accompanying guest or agent must contact Etihad Cargo to make all of the necessary arrangements.

Required documents:

· Death certificate

· Passport copy

· Contact number at both the origin and destination

· Confirmed ticket for the accompanying guest (if applicable)

· Flight details

6. Indian Goods and Services Tax (GST)

Goods and Service Tax (GST) is tax levied on the supply of goods and services by Government of India. Complete information on this tax is available at https://taxinformation.cbic.gov.in

GST rule will apply differently depending on whether the passenger is traveling on behalf of a GST registered business (a “Business to Business” or “B2B” transaction), or traveling on his or her own personal account (a “Business to Customer” or “B2C” transaction).

The GST will be a dual-administered tax between the Central Government and various States/Union Territories within India, and will consist of several GST rates, including:

- Integrated or Inter-State GST (IGST)

- State GST (SGST)

- Central GST (CGST)

- Union Territory GST (UTGST)

These various rates are harmonized currently, but may vary over time, particularly in the case of the State GST (SGST).

Goods & Service Tax (GST) on ticket

- GST shall apply to entire journey originating from India (eg: IXE-BOM-AUH-LHR-AUH-BOM-IXE) irrespective of the country of sale

- The GST rates for air transport are as follows:

o 5% for economy class international travel

o 18% for premium class international travel

- GST applies on:

Ø Base fare + YQ + YR

Ø Difference in fare during exchanges

Ø Change & refund penalty

Ø Booking fee (OB)

Ø No show fee

Ø Ancillaries (refer to GST on ancillaries section)

- GST needs to be calculated manually and applied whenever a manual transaction is processed

A single interim tax code **K3** will be used to collect GST. This tax is to be collected at point of sale and shown separately on the ticket. The selling airline is responsible for remittance. Penalties will occur if not processed correctly. This tax is not interlineable.

Exemptions:

For economy class Passengers embarking on a journey originating or terminating in an airport located in the state of Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, Tripura or Bagdogra in West Bengal. The exemption applies to/from the following airports: DIB GAU JRH IXI IXS TEZ IMF SHL AJL DMU IXA IXB. However, this exemption will not apply to passengers using the above airports only as transfer points.

Regardless of the point of sale and form of payment, an airline must send a GST invoice to a business registered for GST (“B2B” transactions). This invoice must include the GST Number, Name and Address of the business entity registered for GST.

These details will differ from the passenger’s own name and address.

- B2B are those passengers who furnish the GSTIN number at time of booking

- B2C are those passengers who do not furnish the GSTIN number at time of booking

If a B2B entity does not provide their GSTIN at the time of booking, they must promptly share it with the contact centre via email at contactcentre@etihad.ae within 24 hours of making the booking. Subsequently, the contact centre must update the details in the EY system within 48 hours of receiving the request.

To capture above information, IATA has introduced 4 new Special Service Request (SSR) codes:

SSR Code	Description	Purpose
GSTN	Goods and Services Tax Number	To collect the name and registered number of the business purchasing the goods and services.
GSTA	Goods and Services Tax Business Address	To collect the address of the business purchasing the goods and services
GSTP	Goods and Services Tax Business Phone Number(s)	To collect the business telephone number(s) of the business purchasing the goods and services
GSTE	Goods and Services Tax Business Email	To collect the e-mail address of the business purchasing the goods and services

- The SSRs GSTN, GSTP, GSTE and GSTA must be entered in the booking before or right after ticketing to ensure the guest receives their GST invoice

- If a guest has not received their GST invoice, it can be downloaded from the following link: https://etihad.supertaxgst.in/guestinvoices

- For any queries regarding invoicing, guests can contact us via email at etihadinvoicing@cnkindia.net. This link and email ID can be shared with the guest as well.

*** Refund -** K3 tax can be refunded provided the request is made within the cut off dates for the Indian financial year. The financial year runs from 01 April of any given year to 31 March of the following year. The refund cut off is 31 October. e.g. For tickets issued during the financial year 01 April 2023 - 31 March 2024, K3 tax refund is to be allowed till 31 Oct 2024.

This is applicable for involuntary refunds as well as refunds to Voucher/Wallet.

Goods & Service Tax (GST) on ancillaries

K3 will automatically be added to ancillaries when purchased through any of our global contact centres or travel agencies. However, where the base value is updated manually (e.g. Miscellaneous EMD), K3 must be calculated manually.

- K3 is a percentage-based tax.

- When a journey “originally” originates from India, K3 tax is applicable on the Associated EMDs (EMD-A) linked to any segment in the itinerary (Refer to attached table for K3 applicability)

- For Standalone EMDs (EMD-S), K3 is applicable only on the ancillaries sold in India

- There are certain ancillaries where K3 is not applicable (Please refer to the table below)

For further clarification, see the examples below:

IS K3 APPLICABLE ?		
Journey	**EMD A**	**EMD S**
DEL-AUH-JFK-AUH-DEL	K3 tax applies on all associated EMDs sold at DEL / AUH or JFK, since it is related to a journey which originally originates from India (DEL)	K3 tax applies on standalone EMDs sold in DEL or anywhere in India. If a standalone EMD is sold in AUH or JFK, then K3 tax is not applicable
LHR-AUH-COK-AUH-LHR	K3 tax does not apply on associated EMDs sold at LHR/ AUH or COK, since it is related to a journey which originally originates from outside India (LHR)	K3 tax applies on standalone EMDs sold in COK or anywhere in India. BLR-AUH	K3 tax applies on all associated EMDs sold at BLR or AUH since it is related to a journey which originally originates from India (BLR)	K3 tax applies on standalone EMDs sold in BLR or anywhere in India. If a standalone EMD is sold in AUH, then K3 tax is not applicable
AUH-HYD	K3 tax does not apply on associated EMDs sold at AUH or HYD, since it is related to a journey which originally originates outside India (AUH)	K3 tax applies on standalone EMDs sold in HYD or anywhere in India. If a standalone EMD is sold in AUH, then K3 tax is not applicable

7. Seat assignment for children travelling to/from Canada and Italy

Children aged up to 12 years travelling to or from Italy and up to 14 years travelling to or from Canada must be seated in close proximity to their parent, guardian or accompanying adult. To support this requirement, eligible seats may be provided free of charge.

Guests may purchase seats together when booking their flight. We will also make every effort to seat families together during airport check-in at no additional cost.

Policy

- For children aged four years or younger, a seat adjacent to an accompanying adult will be provided.

- For children aged five to 14 years (Canada) and five to 12 years (Italy), where adjacent seating with an accompanying adult cannot be accommodated, they will be seated in the same row, with no more than one seat separating them.

- If this cannot be arranged, other guests may be asked to change seats at the airport.

- Complimentary seating will be provided for the child and one accompanying adult only.

- Only standard seats will be provided free of charge.

Please contact our Trade Line for seat requests.

8. UAE visa information

Check whether you need to apply for a UAE visa.
Find more information about visas here

9. MEDA and Special assistance

Special Assistance

Guests requiring special assistance should complete a Special Service Request at least 48 hours before their flight.

Our crew are fully trained to assist guests with reduced mobility, hearing impairments or vision impairments, and we have a number of wheelchair options available. Please simply request assistance in advance to avoid delays at the airport.

Assistive devices such as canes, crutches and foldable walkers are allowed in the cabin, but they must be securely stored before take-off and landing. Cabin chairs are available on board all of our flights to assist non-ambulatory guests to move to and from the aircraft lavatory. The majority of our aircraft are also equipped with accessible lavatories. Electric wheelchairs must be dry-cell operated in order to meet our cabin safety requirements.

Guide dogs are permitted in the cargo hold for free as part of checked baggage allowance. All pets must have the correct permits and documentation to travel, and these regulations may vary from one destination to another.

Medical Clearance

Some conditions may require guests to seek medical clearance before flying.

Medical clearance is required if the guest:

- Suffers from any condition which is believed to be actively contagious
- Suffers from any condition that may be adversely affected by flying
- Is likely to be a hazard or a cause discomfort to other guests due to their physical or behavioural condition
- Is considered to be a potential hazard to the safety or punctuality of the flight
- Requires special assistance
- Has recently undergone major surgery
- Suffers from an unstable physical or psychological condition
- Requires a stretcher
- Requires in-flight oxygen, portable oxygen concentrator (POC) or ventilator
- Requires the use of battery-powered* medical equipment on board (except for CPAP)
- Requires a medical procedure during the flight (e.g. injections)

*Only dry-cell operated devices are accepted onboard

Before a guest receives medical clearance to fly, they must complete and submit a MEDIF (Medical Information for Fitness to Travel) form to the nearest Etihad Airways Ticketing Office or Contact Centre at least 72 hours before their flight. Incomplete forms will not be accepted for assessment. The MEDIF form must be submitted along with a recent medical report from their treating physician (in English). The medical report must have been issued within 14 days of travel.

Etihad Airways Medical Centre (EAMC) will determine whether a guest is fit to travel and will notify them if a separate MEDIF is required for the return journey. If approved, EAMC will issue a Medical Certificate through the respective Ticketing Office. Guests may be asked to present the certificate at any time during their journey.

Etihad Airways must be notified immediately of any changes prior to travel. In the event that the medical condition changes during the journey, guests will be required to obtain another MEDIF form to continue travelling.

Onsite Assessment

You can arrange same-day clearance to fly with our fast-track onsite assessment. Our onsite physician will assess guests and determine whether they are fit to fly on the same day.

AED1,500 per visit in Abu Dhabi

AED2,000 per visit in Al Ain, Dubai and other locations outside of Abu Dhabi

Nurse On Board

Guests with a medical condition can fly with peace of mind thanks to our Nurse On Board service. Our fully-trained nurse will be on hand throughout the entire journey; they'll ensure that all medical forms and documents are in place, assist with boarding and offer medical assistance during the flight.

Call +971 600 555 666 or click here for more information

10. Guest Contact Information

As per IATA Resolution 830d, from 1 June 2019 we require all travel agents to:

- Actively ask guests whether they wish their contact details to be provided to airlines for the purpose of contacting them in an operational disruption.
- Update the applicable SSR where the guest agrees to provide their contact information.
- Advise the guest that they may not receive information from the airline relating to flight cancellation or schedule changes when they refuse to provide contact information. The refusal must be recorded in the booking.

Special Service Requests (SSR)

IATA has provided SSRs designated for the purpose of capturing the above details in the booking as follows:

CTCE: Passenger contact email address

CTCM: Passenger contact mobile phone number

CTCR: Passenger contact refused

11. Expectant Mother

During the first 28 weeks of pregnancy, guests do not need a medical certificate to fly, though we'd always recommend that they speak with their doctor before they travel.

Single pregnancy

From weeks 29 to 36, guests will require a medical certificate to fly, which they'll have to present when they check in at the airport.

At the 37th week of pregnancy, guests will not be accepted to travel.

Multiple pregnancy

From weeks 29 to 32, guests will require a medical certificate to fly, which they'll have to present when they check in at the airport.

At the 33rd week of pregnancy, guests will not be accepted to travel.

Medical certificate

Medical certificates must be original and presented during check in at the airport. The certificate must state that the guest is fit to fly, whether the pregnancy is single or multiple, the number of weeks of pregnancy and Expected Delivery Date (EDD).

The medical certificate must be:

- Issued and signed by the treating doctor or midwife within the gestation period considered acceptable for travel
- Issued on clinic or hospital letterheaded paper or stamped
- Valid for 3 weeks from the date of issue
- Written clearly in English or Arabic (other languages are accepted but must be verified by Etihad Airways check-in staff)

12. Ancillaries

With a range of options to enhance their journey, your guests can choose the experience they prefer at a price they can afford.

Seating Options

In Economy, your guest can pay for their choice of:

- Economy Standard seat (or we will allocate a seat for free within 24 hours of departure)
- Preferred, Exit row and bulkhead seats
- Economy Neighbor-Free, for more space and privacy (subject to availability)

Excess Baggage

Encourage your customers to pre-book their extra baggage online, and save up to 65% on airport fees. To purchase excess baggage, click here.

Note: Discount is applicable 4hrs prior to departure for weight concept routes and 30hrs prior to departure for piece concept routes

GDS entries for Excess Baggage

Upgrades

Or customers can upgrade to Business or First, and enjoy great food, fully-flat beds or simply more privacy.

Lounges

All customers can now access our lounges for a small fee, or organize our personalized Etihad Meet & Greet service to make their journey through the airport even more relaxing.

We are pleased to announce that, effective **17 June 2025**, agents will be able to purchase selected lounge products via GDS. This will support in fulfilling your guests' booking requests at the time of booking.

View the GDS entries for the lounge ancillary on Etihad Hub.

Etihad Priority Access

Allows customers to:

- Check in at the priority check-in counter
- Board the aircraft in the premium queue
- Have a priority tag placed on their baggage and delivered first on arrival

Policy

- Etihad Priority Access can be purchased up to 90 minutes before the flight departure
- An associated Electronic Miscellaneous Document (EMD) is issued to fulfil the payment
- A fixed price of USD 50 will apply
- The EMD is non-refundable, but it can be refunded if service was not provided, or the guest has been upgraded

13. Rail, Bus and Fly.

14. Stretcher Ticketing

Guests who require a stretcher booking will be subject to the following policy and procedures:

Policy

- Stretcher bookings will be accepted for adults only.

- Guests who must travel in a stretcher onboard must be booked in Economy only and select the number of seats required from six to a maximum of 12 seats.

- Seats will be assigned as per the stretcher configuration table below while booking STCR and non-commercial PNRs (NCP).

- Stretchers will be accepted on Etihad Airways prime operated flights only and not on OAL configured aircraft types.

- Medical clearance must be requested at least 72 hours before the guest's flight.

- Non-medical escorts will be permitted to accompany the guest unless the Etihad Airways doctor issues a mandatory requirement for medical escorts as part of the medical certificate.

- Guests are entitled to the additional check baggage allowance associated with the purchased seats; this will be manually calculated and updated as ‘Itinerary Remarks in the prime booking’ and airports will honour this allowance.

Procedure

- Stretcher cases are only permitted for travel in the Economy cabin. Specific number of seats (6, 8, 9, or 12) are booked depending on the aircraft type.

- A single ticket is issued with the adult fare + addition seats. Pricing is manual.

- The guest is charged the highest Y■RBD, EY one■way Deluxe (routing fare) multiplied by the total number of seats booked.

- A stretcher request can be made only for point-to-point routes e.g. AUH – LHR on EY

- All applicable taxes must be collected for the stretcher guest. YQ and YR are multiplied by the number of seats; all other taxes are exempt for the additional seats.

- A Global Service Fee (GSF) will be charged for the stretcher guest only.

- The maximum weight of the guest that can be accommodated on a stretcher is 120 kilos.

- Tickets can be booked and issued by Etihad Airways agents or Travel agents only.

- The guest is entitled to the baggage allowance according to the number of seats purchased. However, the total baggage permitted must be manually calculated updated as “Itinerary Remarks in the prime booking”. Airports will honor this allowance.

- If a booking requires 11 seats, then two NCPs (one for nine seats and another for two seats) must be created to pre-assign seats.

• GDS entry for a Stretcher Passenger

The table below provides the configuration and stretcher location along with the number of seats required on each aircraft type. Location 2 must be used only when there is a 2nd STCR request on the same flight.

Powered by Fasttrack.aero, Global Meet & Assist is available before departure, on arrival or even during transport. Pick from a choice of packages including a dedicated host, use of our priority check-in counters, fast-track security clearance and lounge access – we can even arrange a premium car from the terminal to the plane.

17. Extra Seat – Personal Comfort and Cabin Baggage

Extra seat – personal comfort (EXST)

Any guest travelling in Economy who cannot safely and comfortably fit within a single seat with the armrests in the down position is required to purchase an additional seat for their entire journey. This ensures that all guests have access to safe and comfortable seating onboard. Width between armrests are usually 17 inches in Economy.

Guests are required to purchase an additional seat or upgrade if they do not meet the below criteria:

- Must be able to wear a seat belt, with one extension if necessary

- Must remain seated with the seat armrests down for the entire flight

- Must not significantly encroach adjacent seating space

The guest may choose to purchase an extra seat for personal comfort or carriage of pets.

Extra seat - cabin baggage (CBBG)

Guests may book an additional seat if they are travelling with cabin baggage that doesn't fit in the overhead storage locker.

Things to keep in mind

- Guests will be charged the normal ticket fare for the additional seat.

- Only YQ, YR and any percentage-based taxes will be charged - all other taxes are exempt.

- The guest and their extra seat must be booked on the same RBD (Reservation Booking Designator) and PNR.

- This service is only applicable on Etihad-operated flights.

- IATA commission will be as per Etihad's existing policy in each country of sale.

- A Global Service Fee (GSF) applies only to the guest occupying the seat.

- In case there are any booking changes, penalty charges will apply for both the guest's ticket and their extra seat ticket.

- Tickets can be booked and issued by Etihad Airways agents or external travel agents.

- If a guest has already purchased a ticket and would like to add an extra seat, the existing booking will need to be cancelled and a new booking of 2 seats (guest + extra seat) will need to be created. To include the fare for the extra seat, the guest's original ticket must be reissued.

- Seats must be assigned at the time of booking. Requests for extra seats can only be accepted if adjacent seats are available on the aircraft.

1. How to book an extra seat – EXST or CBBG

When creating an extra seat booking, do not start creating a booking with the guest's profile as this disables the option to select EXST or CBBG. Instead, a PNR for the actual guest and extra seat must be created:

- The first guest's name (name 1.1) must always be the actual guest's name, followed by EXST or CBBG in the second name field

- Leave the last name blank and enter EXST or CBBG in the first name field

- Do not add a title for EXST or CBBG

-Send SSR to airline SI.P2S1.2/EXST*EY EXST REQUIRED FOR INJURED PASSENGER
SI.P2S1.2/CBBG*EY CBBG REQUIRED FOR CELO

2. Price the extra seat PNR (EXST or CBBG)

- If a guest requests to book an extra seat, they will be charged for both seats.

- The guest and extra seat must be booked in the same RBD (reservation booking designator) and in the same PNR.

- Fare basis should be updated with the applicable booking designator CB for cabin baggage or EX for extra seat (e.g. HHW05V2R/CB).

- A single ticket is issued using double the fare and baggage allowance.

- This request is valid only for PNRs and tickets with EY operated and EY marketed flights and should not contain any Other Airline (OAL), interline or codeshare flights.

- If a guest wants to add an extra seat to an existing ticket, the current booking must be cancelled and a new one be created with two (2) seats; the original ticket may be reissued to include the fare for the extra seat.

- IATA commission is as per the existing EY policy in each country of sale.

- All applicable taxes must be collected; for the extra seat (tickets), only YQ, YR and any percentage-based tax is charged and all other taxes are exempted.

3. Ticket the extra seat

Follow the usual steps to ticket the extra seat. Extra seats are not eligible for Etihad Guest Miles.

Terms and conditions:

- All items must fit within the allocated seat area without obstructing the aisle; large items, such as musical instruments, may be placed on the cabin floor against the vacant seat and secured with an extension belt, in the bulkhead or behind the lavatory as long as they do not obscure the view to any guest

- Each item must not exceed the following dimensions so as not to obscure any cabin signs, such as seat belt or exit signs:

o Height: 45”/ 114cm (Height can be 61"/155 cm if the guest is allocated a bulkhead seat immediately behind)

o Depth: 9”/ 22cm

o Width: 17”/ 43cm

- The maximum weight of such baggage must not exceed 75kg/165lbs per seat.

- All items should be packaged and/or covered to avoid possible injury to guests or crew.

- All items are subject to security clearance for carriage in the cabin before being brought onboard.

- Cargo and mail will be transported in the cargo hold only.

18. Name Format

It is very important to record name information accurately, due to increasing Governmental requirements concerning Passenger Data. Ideally, the recorded name should match that in an official travel document, e.g. a passport. As this may not always be possible, please follow these guidelines:

SCENARIOS	EXPLANATION & FORMAT
General	Enter the surname in the last name field and the given names (first and middle*) in the first name field followed by the title. *Middle name is not mandatory even when travelling to/from US and Canada, but all names should be updated in SSR DOCS (passport data).
Compound Names	When you have a hyphenated surname, an apostrophe in the surname or a double surname, delete the hyphen and apostrophe and replace with a space while entering the surname name in the last name field. E.g. JAMES ROBERT BRYCE-BUCHANAN as BRYCE BUCHANAN/JAMES ROBERT MR
Single Letter Family Name	When a guest has a single letter as the family name, double the single letter and update in the last name field followed by the given names and title. E.g. MISS MOAN Y as YY/MOAN MISS We may also accept guests whose PNRs are created on other GDS where the single letter family name is combined with the given names of that guest and entered as the family name followed by the title. E.g. MISS MOAN Y as MOAN Y/MISS
Duplicate	When creating a booking and names are an exact match, add middle names and/or different titles (if applicable) to make them unique. Otherwise you should create a separate booking. E.g. SINGH/JITENDER MR and SINGH/JITENDER PAL
No Family Name	When the surname is not available, update the name using one of the following formats: · Enter the given name in the last name field and enter the given name as FNU (First Name Unknown) followed by the title. LNU must not be used in the name field. Update the name on the booking as HABEEB MOHAMMAD/FNU MR · Enter the given name(s) in the last name field and add a title in the first name field is accepted by Etihad Airways. E.g. HABEEB MOHAMMED/MR
No Given/First Name	When the given names (first and middle) are not available: (i) Enter the family name in the Last name field and update given name as FNU followed by the title of the guest. E.g. JACK FRANCIS/FNU MR (ii) Names without first name, but just the title in the given name field are accepted by Etihad Airways. E.g. JANE AUSTIN/MRS
Name Suffix	To accommodate name suffixes (such as Junior, Senior or III) add the suffix to the surname in the last name field followed by the given name and title in the first name field. E.g. MR.JOHN OLSEN JR. as OLSEN JR/JOHN MR
Long Names	Etihad reservation system accepts only up to 59 characters (**including space, title, infant name along with pax type and date of birth**) in entire name field. Last name must contain at least 2 alpha characters. . When the name is longer or when there is insufficient space on the ticket, add as many names as possible from the first name and last name on the passport and omit the rest. However, travel docs (SSR DOCS) must be updated with full names. Example: Adult name: LAKSHMIPATHY SAMIE KIRUTHIKAMAHESWARI Update adult name as LAKSHMIPATHY KIRUTHIKAMAHESWARI Infant name: JAYDEN KING CARTER VISHAKAN Update the Infant name as JAYDEN VISHAKAN

SCENARIOS	EXPLANATION & FORMAT
Full Name on one line	If the full name is in one line on the passport, check the name on MRZ. MRZ refers to Machine Readable Zone, at the bottom of the identity page at the beginning of a passport. Example 1: If the full name on the passport is AHMED MAGED MAHMOUD ELSAYED SHAHIN and the MRZ is P<EGYSHAHIN<<AHMED<MAGED<MAHMOUD<ELSAYED<<<< where, P indicates the type of document (Passport) EGY indicates the country code SHAHIN is the surname (surname always follows the country code without any space or separators) AHMED<MAGED<MAHMOUD<ELSAYED is the first name and subsequent names Update the name on the booking as SHAHIN/AHMED MAGED MAHMOUD ELSAYED MR Example 2: If the full name on the passport is RUKMINI BINTE HALIM and the MRZ PASGPRUKMINI**<**BINTE<HALIM<<<<< One < means space and < < comes after surname. In this case, the guest does not have a surname, so the name must be updated as Rukmini Binte Halim/FNU
Name with special characters	While entering names with special characters e.g. umlauts, agents need to check the MRZ on the guest passport and enter the name accordingly. If the surname is LÅÅS and the given names are GöRAN TONY BERTIL, and the MRZ is P<SWELAAAAS<<GOERAN<TONY<BERTIL where, P indicates the type of document (Passport) SWE indicates the country code LAAAAS is the surname, Å is entered as AA GOERAN<TONY<BERTIL are the given names where ö is entered as OE Update the name on the booking as LAAAAS/GOERAN TONY BERTIL MR
Multiple Names	Some passports are issued with multiple names. For such scenarios, update one of the surnames /first name. Example: Name on Passport- Surname ZIOU OR ZIU and Name FLORINTA OR FLORIDA and the MRZ P<GRCZIOU<OR<ZIU<<FLORINTA<OR<FLORIDA< Update the name on the booking as one of the following: **ZIOU/FLORINTA MS** or **ZIU/FLORIDA MS**

Notes:

- When making a reservation for an unaccompanied minor, use the SSR UMNR which includes the child's age, contact and other details.
- Group name is a unique name assigned by the booking office for the purpose of establishing the identity of passengers travelling together on one or more segments.
- SSR DOCS must be updated with complete first, middle and last names available on the passport
- While updating SSR DOCS, if there is no last name/first name in the passport, record the available name in the Last Name box and update FNU in the First Name box.
- Special passport requirements for entry into the UAE: If the passport has two fields, one for ‘first name’ and one for ‘surname’, and one of them is blank/FNU/LNU, the other field must contain at least two words (names). If a travel document contains ‘XXX’ in one of the fields, it will not be accepted. Travel documents with two names added as observations/annotations or with a second name added on any page are accepted if the names belong to the guest or to the guest’s father This requirement does not apply to guests with valid UAE Emirates ID.

19. Blind guests

Blind and temporarily blind guests

Guests who are permanently blind are permitted to travel without obtaining medical clearance. Please let us know if your guest requires any specific assistance at the time of booking.

Guests who are temporarily blind are required to obtain medical clearance through MEDIF.

Please notify us of blind groups at least 48 hours in advance.

All reservations must be made through an Etihad Sales Office to create a PNR. Please make sure to add an SSR to the booking, select ‘BLND’ from the drop-down box and enter text as necessary, for instance, ‘UNACCOMPANIED’. Name and segment must be selected when you add the SSR.

Travelling with a guide dog

Guide dogs are permitted in the cargo hold for free as part of the checked baggage allowance. Always ensure that your guest has the correct permits and documentation for their pet to travel. Regulations may vary depending on the destination or country of departure, so it is always better to check well in advance.

Special assistance requests can be made through an SSR.

20. Etihad Priority Access

Priority Access gives Economy guests the option to fast-track their airport experience with priority check-in and speeding boarding, as well as priority baggage when they land. Priority Access is available to purchase through our Global Contact Centres and travel agencies, or at the airport up to 90 minutes before their scheduled flight time. The ancillary will be available to purchase online in the future. Priority Access costs US $50 per person, no matter where passengers are flying to or from.

What is Priority Access?

Policy

- An Electronic Miscellaneous Document (EMD) will be issued.
- Fixed price of US $50 applies – this is non-refundable.
- Applied on an origin/destination basis, for instance, a guest traveling from LHR to SYD will pay US $50 and get priority check-in and boarding in London, then priority boarding in Abu Dhabi.
- For stopovers, bookings require two EMDs, for instance, a guest travelling from BKK to MUC with a stopover in AUH will have to buy an EMD for BKK-AUH and another one for AUH-MUC – this will cost US $100.

Procedure

Priority Access is available to purchase through our Global Contact Centres and travel agencies, or at the airport. An Electronic Miscellaneous Document (EMD) will be issued to fulfil the payment and the booking will be automatically updated.

21. Hajj

If your customers are travelling for Hajj:

- They must have a machine-readable passport.

- They must fly in and out of Jeddah Airport.

- If your customer is travelling for Hajj and their visa also includes the name of another person, they must travel on the same flight as the person listed.

- Five litres of Zamzam water can be carried for free as checked baggage.

- If your customer holds a Business visit visa, they cannot enter Jeddah during the Hajj season.

- Guests must check the validity of their visa before they travel at visa.mofa.gov.sa.

- If they are UAE nationals or residents planning to travel from Abu Dhabi to Jeddah, they need a certificate showing they've had a seasonal flu vaccine.

- If guests are transiting through Abu Dhabi and their journey didn't start in the UAE, or if they have a medical condition that prevents them from getting the flu vaccine and have supporting documents, they don't need to get vaccinated.

- If they have been vaccinated in the past year, they are not required to have a new vaccination certificate.

- Before travelling for Hajj or Umrah, guests must check the health and vaccination requirements on the Hajj and Umrah Health Requirements website.

22. Groups

A group is defined as a party of 10 or more guests in Economy, six or more in Business and four or more in First. Infants are not included in the group size.

Group bookings must be created at an Etihad Sales office or via a dedicated group system, access to which has been provided by Etihad Airways. Travel agencies are not permitted to request groups in the GDS.

All guests should be booked together on the same flight(s)/ departure dates at the time of booking.

There are two major group types:

Adhoc Groups:

A party of 10 or more guests (excluding infants) traveling together on the same outbound and inbound flights and dates. This is a one-off movement for specific dates.

Series Groups:

Minimum of 6 consecutive movements of a similar group size (minimum of 10 guests)

from the same agent, or, 200 guests from the same travel agent in a travel pattern, for instance, 10 guests every Tuesday over the travel period 1 March to 31 October.

23. Longer Connection ARNK

If a guest requests a longer connection between journeys, please add an ARNK between the segments. Adding the ARNK ensures the segments do not get cancelled during the re-accommodation process.

24. Branded Fares

We’re simplifying our fares to Basic, Value, Comfort and Deluxe, giving guests the freedom to pick the perks they prefer when they fly.

Of course, they can look forward to the same signature service and outstanding hospitality with every ticket, but now they can also opt for whatever it is that’s important to them. Whether they’d like more flexibility, extra baggage or something a bit more rewarding, they’ll always find a fare that suits them.

25. Travelling with Infants

- An infant is a child aged 7 days to 23 months as of the date of commencement of travel.

- Each infant must be accompanied by one adult. Each adult is only allowed to accompany one infant. This is a GCAA safety requirement.

- It is possible for one guest to book tickets for more than one infant, however they must arrange for one adult per infant.

- The adult accompanying the infant must be capable of providing adequate care and assistance

- Entries for bookings with Infants:

Amadeus	NM1LEAVY/PATRIC(INF/MICHAEL/01AUG18)
Sabre	-I/JACK/LIVE*INF*05APR23 oder I/JACK/LIVE*INF 3INFT/JACK/LIVE/05APR23-1

- If the infant's name is long and does not appear on the face of the booking. Update the infant's full name and date of birth in the SSR INFT field (e.g. SSR INFT EY HK1 HARRY/TOM MSTR 15FEB24).

Bassinets

Bassinets are carried in limited quantities on Etihad aircraft and can accommodate infants up to a maximum weight of 11kgs (24lbs) and no more than 75cm on the day of travel. The infant must not exceed 11kg and must fit comfortably in the baby bassinet.

At the time of check-in, if the infant is found to be over 11kgs (24lbs), the BSCT request will be removed and the guest will be advised. All guests with BSCT requests will be advised that cabin crew will check onboard to confirm the bassinet can be used safely.

Dimensions of a baby bassinet:

- Length – 29 inches (75cm)
- Width – 13 inches (33cm)
- Height – 8.5 inches (21cm)

26. Minimum Advertised Price (MAP) Policy

Etihad Airways, the National Airline of the United Arab Emirates, invests substantial amounts of money to develop and bring to market innovative aviation products and services, including our award-winning airport lounges, cabin interiors, and inflight offerings. We recognize that our authorized travel agents and other travel partners (collectively "**Trade Partners**") also contribute to Etihad Airways' success by investing significant time, and effort in helping promote Etihad Airways to the traveling public and educate them about our airline. To facilitate this goal, Etihad Airways has established the Etihad Airways Territorial Minimum Advertised Price Policy ("**MAP Policy**"). The MAP Policy is a unilateral policy of Etihad Airways and does not constitute any express or implied agreement between Etihad Airways and any other party or entity. The MAP Policy applies to Trade Partners in the **Territory**, which is defined below.**[1]**

Under the **MAP Policy,** Trade Partners and other promoters and distributors of Etihad Airways products and services in the Territory may not advertise, promote, or publish to the general public any passenger fare or ticket distributed by Etihad Airways within the Territory for a price that is less than that of the Etihad Airways Current Published Fare. The Etihad Airways Current Published Fare is the fare distributed by Etihad Airways and displayed in the applicable global distribution system(s) ("**GDS**"), including all applicable taxes, charges, surcharges, and/or other fees displayed in the applicable GDS(s).

The MAP Policy applies to all advertisements by Trade Partners that include any Etihad Airways passenger fares in any media, including but not limited to flyers, posters, Internet sites, metasearch sites or other electronic formats, social media sites, newspapers, magazines, catalogues, television, radio, and public signage.

Etihad Airways, at its sole discretion, reserves the right to discontinue doing business with and/or terminating inventory access to any Travel Partner or other party that violates Etihad's MAP Policy. Etihad Airways will enforce MAP Policy at its sole discretion and without notice. Trade Partners have no right to enforce the MAP Policy – it is a unilateral policy of Etihad Airways.

[1] As of this update, the Territory consists of the United States, Canada, Republic of South Africa, United Arab Emirates, Saudi Arabia, Oman, Kuwait, Bahrain, India, Philippines, Thailand, Egypt, Singapore, Pakistan, Malaysia, and Hong Kong SAR (China).

27. Pets in Cabin (PETC)

Pets in the cabin (PETC) will not be permitted in First and The Residence on EY flights. This does not affect trained service animals (SVAN) in First and The Residence, which will continue to be accepted as per our existing SVAN policy.

Pet dogs or cats in cabin

- Cats and Dogs are the only pets permitted to be carried on Etihad Airways flights.
- Pets are permitted to be carried in Economy and Business cabins only. Pets cannot be carried in the First cabin and The Residence.
- Pets are permitted on direct EY routes to, from or via Abu Dhabi on EY marketed (607 stock) and operated flights
- These are only bookable through Etihad Contact Centres
- Guests must be at least 18 years of age to be eligible to transport a pet.
- It is permitted for a guest to bring one (1) cat or one (1) dog as a pet in the cabin
- The maximum number of pets in the cabin per flight is as per the table below:

MAXIMUM NUMBER OF PETS CAT/DOG IN CABIN				
Aircraft Type	**First**	**Business**	**Economy**	**Max per flight**
A321LR	-	-	4	4
Narrow body (other)	-	1*	4	4
Wide body	-	2**	8	8

***** May be increased to a total of two (2) where two (2) passengers are travelling together and wish to bring one (1) pet each from the same household/family.

****** May be increased to a total of three (3) where two (2) passengers are travelling together and wish to bring one (1) pet each from the same household/family.

Note: Each pet must be in a separate travel kennel crate.

- On a flight with falcons(s) travelling in the cabin, a pet (dog or cat) cannot travel in the same travel cabin as the falcon(s). If a guest is travelling with a pet dog or cat in the cabin and another guest is travelling with a falcon in the same class on the same flight, the request of the guest who made the first reservation shall be confirmed.
- Where a guest with an allergy statement and a guest with **a pet** request are travelling on the same flight, the request of the guest who made the first reservation will be confirmed.
- If a guest travelling with a pet dog or cat in the cabin and a guest travelling with a trained service animal is on the same flight, the request of the guest wishing to travel with a trained service animal will always take priority regardless of time of reservation.
- The container (pet travel bag or kennel) must be within the maximum weight and dimension requirements for the applicable travel class (refer to sections 3.1 and 3.2) and must meet the following requirements:

o The pet should be able to sit and stand in a natural position with its head fully erect (without touching the roof), turn around and lie down

o The carrier must be ventilated on at least three (3) surfaces

o The carrier must be escape-proof (rigid door for kennels / secure entrance for pet travel bag) and leak proof

o The container floor must contain absorbent material

- The guest will provide:

o Absorbent material for inside the container, including sufficient spares and disposal bags

o Dry food in a sealed container for the animal, sufficient for the duration of the journey.

- The pet must not be allowed outside the pet travel bag or kennel whilst on board the aircraft.

- The pet must be of a minimum of 16 weeks old.
- In Economy Cabin,

o For under-seat carriage, the pet must be able to fit in a pet travel bag or kennel with maximum dimensions of 40 x 40 x 22 cm (L x W x H) to fit safely under the seat.

o For carriage on an adjacent purchased seat, the pet must be able to fit in a pet travel bag or kennel with maximum dimensions of 50 x 43 x 50 cm (L x W x H).

o The pet travel bag or kennel shall be secured to the seat with extension seat belts.

o The gross weight (pet and travel bag/kennel combined) should be no more than 8 kg.

- In Business Cabin,

o It is not possible to stow pets under seats.

o An extra seat must be purchased adjacent to the accompanying guest and the pet shall be in a pet travel bag or kennel with maximum dimensions of 50 x 43 x 50 cm (L x W x H).

o Contact Centre agent must ensure that there are adjacent seats available on the aircraft and block them before accepting the carriage of pet request. If there are no adjacent seats, an alternate flight must be offered.

o The gross weight (pet and travel bag/kennel combined) must not be more than 8 kg.

o Where two (2) passengers travelling together wish to bring one (1) pet each (i.e., two (2) pets in total) in Business, an additional seat shall be purchased for each pet.

o Where an additional seat has been purchased, the passenger is entitled to the additional checked baggage allowance associated with the purchased seat.

- Where possible, the guest travelling with a pet should be allocated a window seat. A guest travelling with a pet will not be seated in any of the following locations:

o Bulkhead rows

o Emergency exit rows

o One row forward and aft of over-wing exit rows

- Standard Seat will be provided free of charge for a guest travelling with a pet (SSR PETC) within 48 hours of departure.
- Guests must submit the booking form at least 7 days in advance and provide all necessary documents to the Contact Centre no later than **72 hours** prior to intended travel. Where three (3) pets will be carried as permitted, a separate form must be completed for each pet
- SSR PETC can be updated in the booking only by EY agents and it must be updated only after receiving all approvals
- For guests using the Etihad Chauffeur service, or connecting Etihad Shuttle services in the UAE, pets are permitted on these services in accordance with this policy
- For guests eligible to use premium lounges, pets may be taken into Etihad lounges in Abu Dhabi. For lounges in network airports, access is dependent upon the acceptance policy of the lounge operator. Pets must always remain inside the pet carrier or kennel

Booking Process

Note: **SSR "PETC" can only be updated by Etihad once the documents are received and approved**

1. Complete & submit the booking form, at least seven days prior to travel & email supporting documents no later than 72 hours before the flight to pets@etihad.ae
2. For travel to Abu Dhabi, a UAE Health Certificate form needs to be completed. This must be signed & stamped by a government-accredited health official from the country of departure, within five days of the flight departure
3. If Abu Dhabi is the final destination, it is compulsory to apply for a release permit
4. Acceptance will only be granted once all the necessary health documents & important licenses have been obtained
5. Acceptance from pets@etihad.ae along with the original documents will be required for verification at the airport

Anyone travelling to Abu Dhabi with a pet or service dog must obtain an Abu Dhabi Customs Bill of Entry document at least 24 hours before their departure. To receive it, you need to submit the following documents to NOATUM Logistics:

- UAE residents: Emirates ID copy
- Non-residents: passport copy
- An import permit for your pet or service dog
- Your mobile number
- A copy of your reservation or ticket

NOATUM Logistics will review your information and email you the Bill of Entry, which costs AED 365.

How much does it cost?

The rates for carrying a pet cat or dog:

Economy

- It costs USD 399 or 50,000 Etihad Guest Miles for each way to travel with a cat or dog in Economy
- If guests are transiting, the combined price of USD 798 or 100,000 Etihad Guest Miles will apply
- If an adjacent seat booking is requested, it must be done in advance, and guests will be charged for the cost of an extra seat plus USD 399 each way
- If an additional seat is purchased for a pet, then guests are entitled to the additional check baggage allowance associated with the purchased seat

Business

- As there is no space available under the seat, guests must purchase an extra seat for their pet
- This must be booked in advance and the guest will be charged for the cost of an extra seat plus USD 399 each way
- Guests are entitled to the additional check baggage allowance associated with the purchased seat

To pay using Etihad Guest Miles, please call us.

Terms & Conditions:

- Etihad Airways will not be responsible if authorities in other countries refuse entry of your pet due to non-compliance with local regulations. Etihad will in this case, not be liable for any resulting costs such as flight rebooking charges, hotel accommodation if Etihad have to refuse the carriage of your pet due to non-compliance with the regulations

- We assume no liability for the health or wellbeing of pets carried in the cabin

- The pet must be able to sit and stand in a natural position with its head fully erect (without touching the roof), turn around and lie down

- The carrier must be ventilated on at least three (3) surfaces

- The carrier must be escape-proof (rigid door for kennels or secure entrance for pet travel bag) and leak-proof

- The container floor must contain absorbent material.

- Guests are responsible for additional costs for import or export.

- Pregnant pets cannot be accepted for travel.

- Guests must report 3 hours prior to departure at the airport.

- Guest must bring enough of absorbent sheets for your pet to relieve itself, including connecting flights and transit airport, if applicable

- Guest can only carry dry pet food in your cabin baggage. Food should be carried in a sealed container so the smell does not disturb other guests

- If there are guests travelling on-board that are allergic to animals, our crew may be required to re-seat you and your pet. In rare occurrences, we may need to re-book your flight

- Sedation of animals, except under certain conditions and carried out under veterinary supervision, is not recommended. Commonly used tranquilizers lower blood pressure, which also occurs at high altitude

- The combination of high altitude and medicines could be dangerous for old, chronically sick or stressed animals. Keeping a container in a dark, cool, quiet place prior to flying will calm down most animals. If you have to sedate your pet per veterinarian's instruction, the name of the drug and time of intake must be clearly marked on the container

- Guests must complete all formalities upon arrival at Abu Dhabi airport according to UAE regulations, including an inspection by the Ministry of Climate Change and Environment (MOCCAE) veterinary officer, performed in the Customs clearance area.

- For all other destinations, guests must complete all arrival formalities according to local regulations.

- Inspection and clearance areas may vary from airport to airport, guests must check with the applicable authority at their destination for specific requirements.

Changes and Refunds:

Voluntary changes: The guest can change the request anytime up to 3 hours to departure time. However, if the guest wishes to take the pet on the new dates/flight, they'd need to inform Etihad Airways and go through the approval process again. The guest will still be liable of ensuring that the required documents, certificates, permits allow for the pet to travel on the rebooked flight. The same process applies to guests who wish to upgrade their ticket to a higher class of travel.

Involuntary changes: Etihad Airways will coordinate with the guest and provide the best available options in cases where the flight has been re-booked or cancelled. For delays or flight cancellations, the guest may utilize the original animal documentation.

Refunds: A full refund is only given for cases where Etihad had an irregular operation and was not able to transport the pet. In this case, the guest can reach out to our contact centers and request for a refund to the fees that were paid. The guest can request for a full refund for the fees that were paid for transporting the pet if the options that Etihad Airways have provided does not meet their needs, provided that the pet was not transported from the country of origin. If Etihad Airways was able to transport the pet on another flight/date or even airline after obtaining the guest's consent, then refund is not allowed.

To book The Residence, you can initially book guests in First (RBDs F&A) and contact one of the available channels for an upgrade. This is valid on Etihad Airways-operated flights for a maximum of two guests, including one infant, who can be booked on the same PNR.

If an infant is the second passenger, an approved car seat can be carried as The Residence does not have a bassinet, otherwise the infant must travel on the adult’s lap. There is no child or infant discount, and both passengers must be on the same PNR to book for two.

For any group bookings where one or two members want to travel in The Residence, then the PNR must be split. Afterwards, The Residence process must be followed.

Single booking PNRs can only be upgraded to add an additional guest before the travel date. To include the additional guest, you must first cancel the original booking and create a new one that includes two guests. This will not be possible on the travel date or after travel has commenced.

There is an Automatic Issuance Limit of one hour for The Residence ancillary and standard processes must be followed for chauffeur services.

Changes

If a guest wants to rebook The Residence on another date, this can be done through our contact centre if it's available on the changed date. In case The Residence isn't available on the new date, the EMD can be refunded back to the original FOP.

Refund

Full refunds on The Residence bookings may be processed before departure. However, in case of no shows, the EMD is non-refundable. First tickets will be refunded according to Etihad's fare rules.

If a guest cancels a booking in The Residence, then they may be rebooked in First subject to seat availability.

If The Residence is not provided to the guest due to involuntary reasons, the EMD can be refunded free of charge.

FAQs

1. Can changes be made on the day of departure for free?

Yes, changes are permitted free of charge on the day of departure.

2. Is this ancillary service filed in USD regardless of origin?

Yes, it's filed in USD and then converted to the payment currency.

3. Can one adult carry two infants provided they bring a car seat? Can the car seat be strapped on to the seat in The Residence?

For safety reasons, only one infant or child is allowed to travel with an adult in The Residence. If the second passenger is an infant, a car seat approved for air travel may be used.

4. Is it possible to add one more guest to stay in The Residence apart from the two initial guests?

It's not possible to accommodate more than two guests in The Residence due to safety regulations, which mandate that the bedroom is limited to two guests and the seating area is limited to two persons during taxi, take-off and landing.

29. UK Air Passenger Duty (APD or GB tax)

Young guests under 16 years of age travelling in Economy from a UK airport do not have to pay UK Air Passenger Duty (APD or GB tax). This tax exemption is automatic for infant and child fares.

Policy

Children under the age of 16 travelling in economy class from a UK airport are not subject to APD (GB).

Agents should ensure that APD does not apply to these cases prior to ticketing and exemption if they meet the eligibility requirements below:

-The guest is aged between 12 and 16 at the time of travel (before their 16th birthday).

- The flight is from a UK airport

- The guest is travelling in economy class

30. Codeshare

Code sharing is a marketing agreement where an airline places its designator code on a flight operated by another airline and sells tickets for that flight.

If two or more airlines publish and market the same flight as part of their published timetable or schedule, they will do so using their respective airline designator (airline flight code). This type of commercial agreement is known as a **codeshare agreement** or simply as a codeshare.

Policy

1) Reserving seats:

a. All guests travelling in Economy and Business class can reserve seats using the seat map available for Amadeus hosted carriers.

b. Guests travelling in Business class can make a general seat request (SSR SEAT) on non-Amadeus hosted carriers.

2) Special Services Request (SSR):

a. SSR UMNR, STCR, EXST, CBBG etc. are not permitted on codeshare flights

b. SSR CHLD, INFANT & Contact SSRs (CTCM, CTCE, CTCH) are the only SSRs accepted for reservations on Air Arabia (3L). No other SSRs are permitted.

3) Changes:

a. Tickets must be reissued when a change is made to a booking.

4) Schedule change:

a. All “schedule changed” PNRs fall into the queue of the respective booking office. It is the responsibility of the booking agent to action these bookings.

b. For Amadeus hosted airlines, ticket revalidation is permitted only in the event of "schedule changes”. This is automated. For all other GDS hosted carriers, the ticket must be reissued.

c. It is the responsibility of the disrupting carrier to re-book the guest on next available flight from origin to destination, when the change is within the DCS window i.e. within 72hrs prior to departure. Codeshare team has no visibility of the changes. Agents must follow the disruption policy if the operating carrier has not provided alternates.

5) UN/UC/NO status codes:

a. Itineraries with UN/UC/NO status codes must be rebooked on the next available connection according to the policy.

6) Group Bookings:

a .Group Bookings are not permitted on Codeshare flights.

7) Ancillaries:

iEMD is available on blockspace flights operated by Akasa Airlines (QP) and Air Seychelles (HM). Guests will be able to purchase Seats and Extra baggage for travel on/after 29 January 2026.

The ancillaries will be available for purchase through direct channels.

Booking Timeframes

■ Seat selection will be available up to 72 hours before departure

■ Extra baggage will be available up to 4 hours before departure

Important Notes

■ Standard Etihad ancillary rules will apply

31. Interline Ticketing

Interline agreements between airlines make travel faster and more convenient for guests who may need to take multiple flights on more than one airline to reach their final destination.

These agreements allow guests to travel on various airline networks on a single booking.

The key advantages of an Interline agreement are:

- Offers guests more destination options.

- The convenience of a single reservation.

- Gives guests the peace of mind that their itineraries include adequate time for connecting flights.

- Boarding passes and checked baggage to the final destination of the guests.

Types of Agreements

- **Unilateral Interline Agreement:** An agreement that allows only one airline to sell the flights of another airline using its own ticket stock.

- **Bilateral Interline Agreement:** An agreement that allows both airlines to sell each other’s flights on their own ticket stock.

- **Multilateral Agreement:** An agreement where passengers and cargo use a standard traffic document (i.e. a ticket or airway bill) to travel on multiple forms of transport involved in a routing to reach a final destination.

Guidelines

- Reservations must be made directly with the operating airline for unaccompanied minors (UMNR) and group bookings.

- Passive and Open segments are not permitted.

- Ticket revalidation is not permitted.

- Exchange from paper ticket to e-ticket is not permitted.

- When booking a journey on Air Arabia Abu Dhabi (3L codeshare) at least one EY prime air segment must be present directionally (Etihad Shuttle bookings are not permitted in the combination).

- Travel Agent PNRs/bookings must be amended by the booking source only. Etihad Airways will not take control if booked as an Interline. This applies to schedule changes as well.

32. Medical travel insurance

Effective **01 July 2026**, Etihad Airways is partnering with Abu Dhabi's Department of Culture and Tourism (DCT) to introduce Ziyarah; Etihad’s inbound emergency health insurance plan. This plan, provided by Daman, automatically provides free health insurance for international visitors landing in the UAE on qualifying tickets.

The Ziyarah plan is available exclusively to tourists who travel to or through Abu Dhabi on Etihad Airways between **1 July 2026 and 31 December 2026**.
